

Advertising at RetroGames.cz

Advertising campaigns on the RetroGames.cz website are implemented through the Google AdSense service. RetroGames.cz does not allow other paid advertising campaigns either in the form of ads banners or in the form of pre-roll ad videos displayed before the start of the game. If you are interested in such form of advertising, please contact the provider of online emulators. However, if you are interested in advertising in the form of a permanent link placed in the original PR article, contact us at the email address admin@retrogames.cz. Below you will find details, the current price list and our conditions.
